How to send a SKNV prescription through your EMR

1

Select 'SKNV Pharmacy' in the prescribing section of your EMR.

You can locate **SKNV** in your EMR by one of the following:

- Name - **SKNV Pharmacy**
- NABP - 5730216
- Zip Code - 33069
- City - Pompano Beach, FL

2

Enter the SKNV medication name in your EMR.

Enter the SKNV medication name found in column 1.
All medications are already loaded in your EMR.

3

Make sure the patient's cell phone is the primary contact in your EMR, then submit the prescription.

Let your patient know they will receive a text message to pay for the prescription.

Once payment is made and the RX is dispensed, the patient will receive a text message with the tracking information.

Save your patients up to 15% on a 90-day Rx supply by entering “**Authorize 90DS**” into the “**Notes**” field in your EMR
